OAXACA, MEXICO, April 15, 2022 /EINPresswire.com/ -- Boutique, independent Mezcal distillery [Entre Maguey](#) is on a mission to source the finest small batch mezcales from various regions of the nine official Mezcal states, in ethical and sustainable ways. Proud of its land and the people who come from it, Entre Maguey, which is owned and operated entirely by people from Mexico, now has even greater reason to be proud of its accomplishments. The distillery recently earned two medals for its Mezcal at the San Francisco World Spirits Competition (SFWSC), the oldest and largest spirits competition in North America.

The SFWSC judging panels consist of some of the industry's most esteemed and renowned industry experts, including Anthony Dias Blue (Tasting Panel) and Jeffrey Morgenthaler (Clyde Common). This year's competition was the largest ever with entries of 5,000 spirits from over 40 countries.

Entre Maguey was awarded Gold for its 'Ensamble' Mezcal and Double Gold for its 'Papalote' Mezcal. While a Gold medal indicates exceptional spirits that are near the pinnacle of achievement - products that set the standard for their categories, Double Gold is awarded to the entries that receive a Gold medal rating by all members of the judging panel, and as such are considered to be among the finest products in the world.

"We are incredibly proud to receive a Double Gold Medal and a Gold Medal for our Mezcal by The San Francisco World Spirits Competition," says owner and CEO Pedro Padierna. "It's a testament to all the hard work and dedication of the entire Entre Maguey team, and especially from the Maestros Mezcales who created these Mezcal masterpieces."

With a grassroots, ground-up philosophy, Padierna believes that healthy roots are the foundation of all good things.

"Respecting and nurturing both nature and community isn't just the right thing to do, but it is the necessary thing to do. We look forward to building strong, healthy relationships every step of the way, and are committed to implementing regenerative cultivation practices such as donating an

agave to be planted for every bottle sold," he concludes.
