The Beaverling's Curse takes place in a simple time centuries ago. It's about one family of Beaverlings—a mom and dad, and their four children, named Beverly, Gus, Krissy, Jared, Ben, and Becca. All Beaverlings were short with big, strong muscles. Their homes were built of large logs with mud for insulation and fairly low to protect them from the heavy snows of winter. The story deals with the conflict between a Beaverling's clan family and an evil sorceress.
