

# Superus Careers Announces Jay Swearingen as Executive Vice President, Technology and Cybersecurity

*Expansion in National Recruiting Agency's Technology and Cybersecurity verticals on the horizon*

UNITED STATES, April 18, 2022

/EINPresswire.com/ -- Superus Careers, a growing national recruiting agency announced that Jay Swearingen has been named Executive Vice President, Technology and Cyber Security.

Jay has more than 30 years of senior management experience. Early in his career, Jay was District Manager for Hewlett-Packard before founding The Apex Group, an IT Services company. The company was later acquired by ADC Telecommunications, where Jay served as President. After Jay moved on from ADC, he served in various capacities including Chief Talent and Scale Officer for Cobrain, a company founded by the inventor of Career Builder. In this role, his focus was to capitalize on developing technologies, expanding markets, and attracting talent for Developers, Data Scientists and Dev Ops professionals.

Superus Careers has a great business model ... The founding principles and related expertise are uniquely positioned to capitalize on the ever-changing technology and cybersecurity environments."

*Jay Swearingen, EVP, Superus Careers*

Jay turned his attention to cybersecurity, specifically focusing on the needs within the medical field, protecting patient's health information. He completed certifications

including the GIAC Security Essentials Certification (GSEC), GIAC Certified Intrusion Analyst (GCIA), and Aruba Certified ClearPass Professional (ACCP) badges along with other infosec related credentials to create a portfolio of protective and recovery services designed specifically for medical practices.

"Jay is the right leader for our emerging Technology and Cybersecurity channels," said Larry Silver, CEO, Superus Careers. "Jay's extensive technology and cybersecurity background along

with recruiting and business development skills will help Superus Careers strengthen our financial services and healthcare partnerships, specifically with information technology staffing needs as well as expand our business in the underserved Cybersecurity space.”

“I am very excited to be joining the Superus team,” said Jay Swearingen. “I believe Superus Careers has a great business model focusing on total alignment between candidates and clients. The founding principles and related expertise are uniquely

positioned to capitalize on the ever-changing technology and cybersecurity environments. I look forward to growing these channels in an increasingly competitive hiring market.”
