

Coal Tar : Everything You Need to Know About It ?

*Market Size – USD 14.38 Billion in 2020,
Market Growth – at a CAGR of 3.2%,
Market Trend – High demand for
aluminum from countries in APAC*

VANCOUVER, BC, CANADA, April 18, 2022 /EINPresswire.com/ -- The global [coal tar market](#) size is expected to reach USD 18.64 Billion in 2028 at a steady CAGR, according to latest analysis by Emergen Research. Growth of the coal tar market is driven

significantly by need for coal tar pitch in aluminum smelting processes. Another key factor driving growth of this market is rapidly increasing consumption of coal tar pitch in aluminum smelting due to rising demand for aluminum for a range of industrial manufacturing and construction applications. Coal tar pitch is used in asphalt for blacktop of roads, as a base for paints and coatings, and also as binder in asphalt products, in addition to being widely used in steel and aluminum production. It is one of the significant products of graphite electrodes that are used in electric arc furnaces. The need for energy security has been resulting in rising focus on development of alternative energy resources such as shale oil, bio-oil, and coal-derived fuels.

Major Players/Manufacturers profiled in the report are:

Himadri Speciality Chemical Ltd., Voestalpine AG, Rain Carbon Inc., Industrial Química del Nalón S.A, DEZA, a. s., Bilbaína de Alquitrane, S.A., Koppers Inc., Nagreeka Hydrocarbons (P) Ltd., Neptune Hydrocarbons Mfg. Pvt. Ltd., and Tar Alliance AM.

It will not be wrong to say that the coal tar market report talks about customer experience that matters to every business owner planning to leverage the strategic insights for their brand growth. The case studies included in the study further demonstrate how recent innovation, mergers or acquisitions, new launches, research and development etc. have enabled prominent

leaders to curb toughest issues related to production volumes, demand and supply, supply chain management and more. Study aims at providing data about key category dynamics such as user awareness and a buyer's purchase intent, as well as tries to list down the relative influence of certain trends on the demand for a certain product or service.

Some Key Findings in the Report:

In March 2018, Gearbulk and Puma Energy created a joint venture in order to operate five coal tar pitch and bitumen tankers as well as perform liquid coal tar pitch, asphalt and bitumen, creosote, and coal tar transportation contracts.

In March 2020, Epsilon Carbon announced investment of USD 121.6 Million for setting up an integrated carbon black facility, with capacity of 300,000 tons per annum, in Bellary district of Karnataka, India.

Asia Pacific accounted for largest revenue share in 2020, which can be attributed to factors such as increasing demand for coal tar from industries such as aluminum, paint, dyes, and photographic materials in countries in the region.

In February 2020, Epsilon Carbon announced plans to expand its coal tar distillation project and after it received environmental clearance along with other necessary clearance regarding the expansion.

For better understanding, the report further divides the market into key segments such as product types and application spectrum. The report also offers estimates about the segment and sub-segment expected to grow at a rapid pace and the key factors expected to drive revenue growth of the segments during the forecast timeline of 2021-2028.

For the purpose of this report, Emergen Research has segmented the global coal tar market based on type, application, end-use, marketing channel, and region as follows:

Type Outlook (Revenue: USD Billion; Volume: Million Metric Tons; 2021--2028)

Low Temperature Coal Tar

Medium Temperature Coal Tar

High Temperature Coal Tar

Application Outlook (Revenue: USD Billion; Volume: Million Metric Tons; 2021-2028)

Coal Tar Pitch

Carbon Black Oil

Specialty Oils

End-use Outlook (Revenue: USD Billion; Volume: Million Metric Tons; 2021--2028)

Aluminum Industry

Roofing

Tire Industry

Paint Industry

Wood Preservation

Others

Marketing Channel Outlook (Revenue: USD Billion; Volume: Million Metric Tons; 2021--2028)

Online

Offline

The regional analysis states the global market is bifurcated into North America, Europe, Latin America, Asia-Pacific, and Middle East & Africa. The report also covers import export consumption, supply and demand ratio, cost, pricing analysis, gross margin, and revenue estimation of each player in each region. The report also offers a country-wise analysis of the key regions to offer a better understanding of the global market.

Regional Segmentation Covers:

North America (U.S., Canada, Mexico)

Europe (U.K., Italy, Germany, France, Rest of Europe)

Asia Pacific (India, Japan, China, South Korea, Australia, Rest of APAC)

Latin America (Chile, Brazil, Argentina, Rest of Latin America)

Middle East & Africa (Saudi Arabia, U.A.E., South Africa, Rest of MEA)

The report further sheds light on the strength, weaknesses, opportunities, and threats faced by the companies in the global Coal Tar market and additionally measures the feasibility and investment return analysis in the report. Furthermore, the report is furnished with the latest impact of the COVID-19 pandemic on the market and covers the initial and future assessment of the COVID-19 impact on the market. The report is a qualitative and quantitative assessment of the global Coal Tar market that has been formulated by extensive primary and secondary research with the data further validated from industry experts and professionals.

Key Reasons to Buy This Report:

The report presents a thorough examination of the Coal Tar market, elaborating on its core segments. The report conducts historical and future assessments of the market dynamics and offers precise data in a well-organized order.

The report evaluates the most prominent market growth potentials, dynamic market trends, driving factors, restraints, investment opportunities, and threats.

The report is inclusive of an in-depth study of the industry variables, manufacturers' value chain, sales volume, market share, competitive landscape, and effective business tactics.

The report further identifies the key regions and segments dominating the market. These regions are foreseen to register fast-paced growth over the forecast duration.

About Emergen Research

Emergen Research is a market research and consulting company that provides syndicated research reports, customized research reports, and consulting services. Our solutions purely focus on your purpose to locate, target, and analyze consumer behavior shifts across demographics, across industries, and help clients make smarter business decisions. We offer market intelligence studies ensuring relevant and fact-based research across multiple industries, including Healthcare, Touch Points, Chemicals, Types, and Energy. We consistently update our research offerings to ensure our clients are aware of the latest trends existent in the market. Emergen Research has a strong base of experienced analysts from varied areas of expertise. Our industry experience and ability to develop a concrete solution to any research problems provides our clients with the ability to secure an edge over their respective competitors.
