

Virtual Cardiology Market to Deliver Greater Revenues during the Forecast Period 2021 – 2027

Virtual cardiology is a fast-emerging field of remote healthcare. Like many other telehealth branches, virtual cardiology pushed the boundaries of healthcare

VANCOUVER, BC, CANADA, April 18, 2022 /EINPresswire.com/ -- The report offers insightful information about the market dynamics of the [Virtual Cardiology market](#). It offers SWOT analysis, PESTEL analysis, and Porter's Five Forces analysis to present a better understanding of the Virtual Cardiology market, competitive landscape, factors affecting it, and to predict the growth of the industry. It also offers the impact of various market factors along with the effects of the regulatory framework on the growth of the Virtual Cardiology market.

Virtual cardiology is a fast-emerging field of remote healthcare. Like many other telehealth branches, virtual cardiology pushed the boundaries of healthcare, evolving as a critical element of the digital transformation of cardiovascular care. Also dubbed as telecardiology, virtual cardiology is one of the most prominent telemedicine branches specializing in the treatment of cardiovascular diseases (CVDs).

It enables healthcare professionals to conveniently access patients' cardiac data, such as cardiac tests, results in a textual format, or the form of images or videos. It is widely practiced for diagnosing and monitoring patients with cardiovascular diseases from a distant location.

Some Key Highlights from the Report

The latest report studies the historical, current, as well as estimated market size in terms of value and volume.

The report provides a comprehensive study of the latest market trends, along with the regulatory and investment scenarios of the global virtual cardiology market.

It allows the reader to take a closer look at a wide array of growth opportunities available in this fast-paced market.

Major Players/Manufacturers profiled in the report are:

BioTelemetry

Biotronik

McKesson

Philips Healthcare

GE Healthcare

Cisco Systems

Honeywell Life Care Solutions

Roche

CompuMed

Huawei Technologies

Meddiff Technologies

InTouch Technologies

Siemens Healthcare

Medtronic Plc

Polycom

Vidyo
