

Online Reading Platform Market SWOT Analysis, Top Players – Amazon.com Inc., Barnes and Noble LLC, Rakuten Kobo Inc, Etc

Technological advancements and innovation in reading devices and increasing adoption and online surfing using smart devices are key factors driving market

VANCOUVER, BC, CANADA, April 19, 2022 /EINPresswire.com/ -- The global [online reading platform market size](#) is expected to reach USD 6.76 Billion in 2028 and register a revenue CAGR of 7.6% over the forecast period, according to the latest report by Emergen Research. Factors

such as increasing use of portable reading devices such as smartphones and tablets, as well as growing consumer preference for reading books online or as an e-Book rather than in print are expected to drive global online reading platform market revenue growth during the forecast period.

The number of digital readers are increasing day by day as a result of increasing consumer preference for reading books online. Individuals currently prefer e-Books instead of carrying printed paper books around. Rapid adoption of smartphones and tablets is further boosting demand for e-Books, which is expected to drive revenue growth of the global market. Digital readers, also known as e-Readers, have gained steady popularity among a wide range of consumers in recent years. Students are the audience who have gained a major benefit owing to no need to carry around a heavy schoolbag with books. Also, retirees and others wanting to have access to reading material without the need to stock up on a home library can do so on online reading platforms for a more convenient reading experience.

Latest online editions of e-Books include dictionaries, appendices, character descriptions, and other features that make studying easier for users. As a result, users may rapidly access more information by simply clicking on a name or an unfamiliar term, making reading easier. This is an ideal feature for children learning to read. In coming years, these factors are projected to fuel

demand for online book services and drive market revenue growth.
