“

We fabricate our costumes with perfect authenticity to provide perfection for the camera, while meeting all budgetary needs.”

Kevin R Hershberger

Historical Wardrobe's broad and ever-growing rental inventory is always expanding and exploring new historical periods with authentic textiles and original patterns. Costume styles, patterns, and colors are all based on

original garments, contemporary artwork, and primary resources.

For "Legends & Lies," the majority of the clothing was made from natural fibers such as cotton, linen, wool or silk. The costume team even fabricated exclusive garments for the principal characters from original clothing and patterns to provide the most historically accurate touches possible -- such as hand sewn button holes, and hand top-stitching for camera close-ups.
