## Custom Pet Urns

As part of the collaboration, Thanicare has rolled out the Grateful Memories collection of custom pet urns handcrafted by woodworking artist Jim Moody. The collection includes wooden pet urns for dogs, and cat urns for ashes, and is sold exclusively on Thanicare.com. "We're offering unique, one-of-a-kind pet urns fabricated from walnut, cherry, and birch. There's even an oak pet urn and

a [white cedar pet urn](#)," added Robinson.

Moody, who lives and works near Nashville, is known for creating handcrafted pieces that blend form and function. Among his best-known works are handmade wood pens fabricated from signature materials, especially cherry. "I played around with different concepts of what 'Grateful Memories' means to me, and while creating the design, I strived to convey a feeling of continuous remembrance," says Jim Moody, Owner of Moody Designs In Wood. "I want pet

parents to experience the beauty of the wood on a daily basis, and hopefully find the same peace that I do."

Thanicare also indicated plans to donate 1% of the annual sales to animal charities. "The more successful we are, the more we're able to give back," said Robinson." Jim has created a line of wood pet urns where the grain runs uninterrupted around the the corners. We're excited to share these beautiful keepsakes with pet parents nationwide."
