

Elevated Living Offering Complimentary Consultations for Large Portfolio Asset Managers & Owners

The multifamily industry leader in property technology (proptech), personal services, and a resident engagement program, is now offering no-cost consultations.

CHICAGO, ILLINOIS, UNITED STATES, April 25, 2022 /EINPresswire.com/ -- [Elevated Living](#) announces complimentary consultations for large portfolio asset managers and owners.

"Portfolio managers will receive a personalized consultation specific to their markets and buildings. Informed multifamily tech stack decisions can only be made when all of the pieces of the puzzle fit for that specific community or portfolio. Adding tech that may not solve target market pain points will only lead to deeper friction, and we intend to help decision-makers find the right solution," said Elevated Living CEO and Founder Konrad Koczwaro.

Elevated Living, which won gold in Multi-Housing News' 2021 Excellence Awards, achieved over 100 percent growth in 2021. Since its launch in 2017, when the company activated the all-in-one technology platform, Koczwaro has had one goal in mind: to deliver the best resident experience solution. Today, Elevated Living's white label app and concierge services power Class A communities in urban cores across the nation.

Currently working with the top one percent of luxury apartments in the industry, the company imagines a future where a single solution powers buildings and services. By combining technology with human-powered hospitality, the company aims to be the best solution for Class A communities in the country.

The complimentary consultation, Koczwaro noted, can include a site-specific or portfolio review that takes into account local to national growth, market needs, resident expectations, building space, and community flexibility. Each consultation will also include amenity income projections, concierge service opportunities, staff scaling, a white label app design, and digital marketing assets.

Elevated Living is solving the deterioration of the luxury resident experience, evident in today's

fragmented service industries forcing residents to download multiple apps.

###

About Elevated Living

Elevated Living is a full-service ecosystem built for modern Class A communities. We combine technology with human-powered hospitality to elevate the resident experience.

We believe that residents shouldn't have to download a dozen different apps to take advantage of services offered within their community. In communities powered by Elevated Living, residents are provided a single branded "building" app that combines traditional building operations with modern concierge services. From submitting work orders, to signing up for fitness classes, to booking a housekeeper - Elevated Living is your all-in-one technology and services partner.

Modern Class A multifamily buildings rely on Elevated Living's exclusive branded software and personalized services to showcase lifestyle amenities.
