

# NEW EV CHARGER CABLE SYSTEM REDUCES SAFETY CONCERNS, DELIVERS VERSATILITY AND PERFORMANCE

*EV Hover Improves EV Charging Experience*

CHICAGO, IL, USA, April 26, 2022 /EINPresswire.com/ -- When Mike Mayer, inventor of EV Hover and business entrepreneur, kept tripping over the EV charging cable on the floor of his garage,

“

EV owners are living with the issue of loose, grimy charging cables lying around. Our design safeguards against trip hazards and has the versatility to be used at home and public charging stations.”

*Mike Mayer*

inspiration struck. The [EV Hover Charging Cable Management System](#), launched in March 2022, offers EV owners as well as EV charging station installers a way to store loose charging cables reducing the chance of injury and cable damage.

“EV owners are just living with the issue of loose, and often grimy, cables lying around or coming up with their own DIY solutions,” said Mayer. “Our design safeguards against trip hazards and has the versatility to be used at home as well as at public charging stations. The extendable and foldable arm is what gives the product the flexibility for multiple applications.”

Features of the EV Hover include:

Constructed of lightweight aluminum

Quick, easy installation

Arm rotates 180 degrees

Designed to fold against wall to declutter area

Arm can be extended as far as 9 feet

Compatible with nearly all EV cables

Can be utilized for charging hoses, toys, mowers, etc.

Waterproof to allow for outdoor use

Made in the USA

The EV Hover retails for \$399 and available for purchase online.
