is for both veteran private flyers and consumers who are new to private aviation. Private Jet Card Comparisons Founder and Editor-in-Chief Doug Gollan provides in-depth analysis of news from key providers and tips on how to maximize your private jet experience.

JET CARD DECIDER 2.0 enables subscribers to request a custom analysis in minutes

Private Jet Card Comparisons is an online buyer's guide to private aviation solutions. It offers an unsurpassed, updated database of more than 250 programs and concierge-like service, all designed to help subscribers find the perfect options for their unique flying needs.

"Our goal is to help consumers sort through the competing claims and hyperbole and base their decisions on quantitative data," Gollan said. "Private Jet Card Comparisons on YouTube is a natural extension of PrivateJetCardComparisons.com."

The searchable online guide helps subscribers figure out the best options – from chartering on-demand – flight-by-flight - to jet cards, memberships, fractional ownership, and whole aircraft ownership options. There is even a guide to jet sharing and by-the-seat private jet providers.

The VIP Jet Card Decider service enables subscribers to request a custom analysis directly from their smartphones, providing a comprehensive overview of the best options.

Unlike other websites, Private Jet Card Comparisons does not sell subscriber contact information

or accept referral fees. It instead provides subscribers with a neutral source of updated data.

The database was updated 137 in 2021 and has been updated 37 times so far in 2022.
