

The International Institute of Gastronomy, Culture, Arts and Tourism Supports Values of Victoria, BC Man Film Project

This initiative acknowledges portals that offer unique, creative, cultural and gastronomic experiences in European Regions of Gastronomy.

VICTORIA, BC, CANADA, May 9, 2022 /EINPresswire.com/ -- The International Institute of Gastronomy, Culture, Arts and Tourism ([IGCAT](#)) supports the values and principles underpinning the Silver Surfer Euro-Tour documentary and therefore welcomes Drew A Farion of [Dream On Films](#) Ltd and his film Crew to visit and film gastronomic experiences in our Awarded European Regions of Gastronomy during their planned European tour September 2022 to September 2023.

"The very laudable aim of bringing the best experiences from Europe to critically ill children with mobility challenges via virtual reality is a cause that we would like to support." says Dr. Diane Dodd President of IGCAT

We hereby provide IGCAT's 2022 Top Websites for Foodie Travelers list. (<https://igcat.org/call-released-for-the-top-websites-for-foodie-travelers-2022/>) This initiative acknowledges portals that offer unique, creative, cultural and gastronomic experiences in European Regions of Gastronomy. These include, but are not limited to farm or factory visits; cookery classes; craft-related experience; food and/or wine route; food and/or wine markets or fairs; museums/heritage sites related to food. Drew A Farion add's. "This letter of support takes our film

documentary to the highest level of producing life changing VR travel experiences for those people who could benefit from it the most. I am not sure how many people in North America realize how important IGCAT is to the European region but one of their other initiatives is to ultimately restore food sovereignty and helping circular economies to grow by putting a focus on local food and culture. Their higher purpose is to empower more regions to work towards a sustainable food future and are currently taking this European project to a World level."

This is why Dr Diane Dodd said to me "Nevertheless our missions are compatible because they both stem from wanting to add happiness into people's lives." states Drew A Farion

For our awarded World/EuropeanRegions of Gastronomy, that want international visibility and to position themselves as gastronomic destinations for responsible travelers

For small and micro organisations that have a great philosophy and offer amazing experience in nature, with local food and cultural insights (thus contributing to safeguarding cultural and food diversity)

The wonders of sharing food experiences together

For housebound citizens (with the focus on disabled children) that want to see the world
For you and your film crew to gain in recognition which will attract more sponsors with the
ultimate aim of helping more people

the European region but their contacts in gastronomy, arts, culture and tourism will be as
invaluable as Mikael Svenssons', Co-president of the EUFCN, introductions to 92 film
commissions from 32 countries at the Cannes Film Festival May 17th, 2022.
