engraving, etching and chasing of metals. Laser engraving and laser etching are contact-free, reduce surface damage, are durable, and are safer than toxic solvents, inkjet and acids. Laser engravings are faster than hand engraving, and dot-peen markings. Its applications comprise product labelling and coding in the electronics industry (mobile phones, tablets, etc.), tool construction, and medical technology.

The global coating, engraving, heat treating, allied activities market is segmented:

By Type: Metal Heat Treating, Metal Coating, Engraving and Allied Services to Manufacturers, Electroplating, Plating, Polishing, Anodizing, and Coloring

By Treatment: Spheroidizing, Stress Relieving, Quenching and Tempering, Normalizing

By Application: Manufacturing, Automotive, Others

Subsegments Covered: Case Hardening, Normalizing, Annealing, Hardening and Tempering, Others, Solvent-Borne Coatings, Water-Borne Coatings, High Solids Coatings, Powder Coatings, Radiation Curable Coatings, Others

By Geography: The global coating, engraving, heat treating market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, Asia-Pacific accounts for the largest share.

Coating, Engraving, Heat Treating, And Allied Activities Global Market Report 2022 is one of a series of new reports from The Business Research Company that provides coating, engraving, heat treating, and allied activities global market overviews, coating, engraving, heat treating, and allied activities market analysis and forecasts market size and growth for the global coating, engraving, heat treating, and allied activities market, coating, engraving, heat treating, and allied activities market share, coating, engraving, heat treating, and allied activities market segments and geographies, coating, engraving, heat treating, and allied activities market players, coating, engraving, heat treating, and allied activities market leading competitor revenues, profiles and market shares. The coating, engraving, heat treating, and allied activities market report identifies top countries and segments for opportunities and strategies based on market trends and key competitors' approaches.

TBRC's Coating, Engraving, Heat Treating, And Allied Activities Global Market Report 2022 includes information on the following:

Data Segmentations: Market Size, Global, By Region and Country, Historic and Forecast, and Growth Rates for 60 Geographies

Key Market Players: Hy-Power Coatings Ltd, Tilton Industries Inc, Rewire Automation Inc, Metex Heat Treating Ltd, and Metal Improvement Company Inc.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

And so much more.
