

Global Surface Treatment Market to Boost in Coming Years – forecasted to be worth USD 19.90 Billion by 2027

Market Size – USD 12.76 Billion in 2019, Market Growth - CAGR of 6.0%, Market trends – The advent of coating materials for long-lasting protection.

VANCOUVER, BC, CANADA, April 25, 2022 /EINPresswire.com/ -- The global <u>Surface Treatment Chemicals</u> <u>Market</u> is forecasted to be worth USD 19.90 Billion by 2027, according to a current analysis by Emergen Research. The market is witnessing an increased

issues.

demand owing to the rising demand for durable and wear-resistant products. These chemicals are used in different fields, such as wood, glass, jewelry, medical, and others. The product is in high demand in automotive coatings. As the market for automotive is growing, the surface treatment chemicals are also witnessing an increased growth. Growth in industrialization has also impacted the market demand. The heavy machinery requires constant protection, and manufacturers plate them with surface treating chemicals to protect them from rust and other

Surface treatment has several benefits and extension in the life of mold and tools. The chemicals can help reduce the plant downtime, pay for expensive repair and maintenance, and also enhance process performance. The factors, such as strict regulations regarding high emission rates of volatile organic compounds, will limit the growth of the market.

The Surface Treatment Chemicals report also offers details about market size, market share, revenue growth, and CAGR during the forecast period of 2021-2027. The report also offers key insights about top companies in the market along with a thorough SWOT analysis, Porter's Five Forces analysis, and feasibility analysis to offer competitive edge to the readers. The report

focuses on the recent trends, major challenges and opportunities, and limitations pertaining to the ongoing pandemic.

Leading Companies of the Surface Treatment Chemicals Industry and Profiled in the Report are:

NOF Corporation, Platform Specialty Products Corporation, Chemetall Inc., Atotech Deutschland GmbH, Henkel AG & Co. KGaA, A Brite Company, Nihon Parkerizing Co. Ltd., PPG Industries Inc., Advanced Chemical Company, and DOW, among others.

Some Key Highlights from the Report

Plating chemicals are done through a process of catalytic plating or galvanization to ensure a strong and superior tensile strength. It is a chief generator of revenue and is forecasted to generate a revenue of USD 7.42 billion in 2027.

In the industrial sector, surface treatment of plastic is not an uncommon process. An innumerable plastics are treated with the chemicals for enhanced wettability leading to proper adhesion of inks, paints, and coats.

The transportation sector held the largest market share as the industry is experiencing significant growth. The usage of surface treatment chemical coating in the automotive industry is a trend that helps in maintaining the aesthetics and quality of exteriors of the vehicle.

The Asia Pacific region is forecasted to grow with a CAGR of 6.6% during the forecast period. Countries such as China, Japan, and India are quickly catching up with the developed region in terms of the automotive and industrial sectors, which is augmenting the demand for surface treatment chemicals product in the region.

In July 2020, AFFIX Labs launched a long-lasting surface treatment chemical to kill COVID-19. Si-Quat combines a safe and well-established disinfectant and chemical bonding technique to kill active viruses such as SARS-COV-2.

For the purpose of this report, Emergen Research has segmented into the global Surface Treatment Chemicals Market on the basis of chemical type, base material type, industry vertical, and region:

Chemical Type Outlook (Revenue, USD Billion; 2017-2027)

Plating Chemicals

Cleaners

Conversion Coating
Base Material Type Outlook (Revenue, USD Billion; 2017-2027)
Plastics
Metals
Others
Industry Vertical Outlook (Revenue, USD Billion; 2017-2027)
Construction
Transportation
General Industry
Others
Regional Analysis:

The report sheds light on the region expected to dominate the Surface Treatment Chemicals market in the coming years. The report estimates the market size in terms of volume and value and offers an accurate estimate of the market share each region is anticipated to hold during the forecast period. The report analyzes the spread of the Surface Treatment Chemicals market in key geographies covering North America, Latin America, Europe, Asia Pacific, and Middle East & Africa. The regional analysis offers an idea about the production and consumption pattern, import/export, supply and demand ratio, revenue contribution, market share and size, and the presence of prominent players in each region.

Request customization of the report @https://www.emergenresearch.com/request-for-customization/219

The report covers key points of the market, including the standards, regulations, and policy changes applied by the government on the industry for the coming years. The report encompasses thorough research carried out by the application of advanced analytical tools such as SWOT analysis and Porter's Five Forces analysis to pinpoint the growth trends and patterns. Factors likely to influence the growth of the market, current trends, opportunities, restraining factors, and business landscape are discussed in-depth in the market study.

Key Questions Answered in the Report:

What is the growth rate of the Surface Treatment Chemicals market? What is the anticipated market valuation of Surface Treatment Chemicals industry by 2027?

What are the key growth driving and restraining factors of the Surface Treatment Chemicals market?

Who are the prominent players operating in the market? What are the key strategies adopted by these companies?

What are the key opportunities and growth prospects of the Surface Treatment Chemicals industry over the forecast period?

Which region is expected to show significant growth in the coming years?

About Emergen Research

Emergen Research is a market research and consulting company that provides syndicated research reports, customized research reports, and consulting services. Our solutions purely focus on your purpose to locate, target, and analyze consumer behavior shifts across demographics, across industries, and help clients make smarter business decisions. We offer market intelligence studies ensuring relevant and fact-based research across multiple industries, including Healthcare, Touch Points, Chemicals, Types, and Energy. We consistently update our research offerings to ensure our clients are aware of the latest trends existent in the market. Emergen Research has a strong base of experienced analysts from varied areas of expertise. Our industry experience and ability to develop a concrete solution to any research problems provides our clients with the ability to secure an edge over their respective competitors.
