

# TerraTherm Announces New Senior Technologist Erin Hauber

*Industry expert Erin Hauber's new role will allow her to share technical and regulatory knowledge with consultants considering thermal remedies*

GARDNER, MA, UNITED STATES, April 27, 2022 /EINPresswire.com/ -- [TerraTherm](#), a Cascade Company ("TerraTherm"), the leading thermal remediation services contractor in the United States, has announced the hiring of Erin Hauber as the company's new Senior Technologist.

“

Our clients will benefit not only from Erin's deep technical expertise regarding thermal technologies, but also her extensive experience in both regulatory environments and consulting.”

*Steffen Griepke, Vice President of Technology*

Hauber joins TerraTherm after six years working as a Remediation Engineer with the U.S. Army Corps of Engineers. Previously, she worked as a Senior Engineer at Arcadis.

“I am very pleased that Erin decided to join our team,” said Steffen Griepke, TerraTherm's Vice President of Technology. “Our clients will benefit not only from her deep

technical expertise regarding [thermal technologies](#), but also her extensive experience in both regulatory environments and consulting. She understands the varied and sometimes conflicting demands our clients face on their projects, and is uniquely qualified to help them identify solutions that will satisfy stakeholder requirements.”

Hauber has worked in the environmental services industry for more than 15 years, with experience working on more than a dozen Superfund Sites and addressing contaminants ranging from NAPLs and chlorinated solvents to PFAS and MGP waste.
