

# Ready to Buy, LLC announces product line and sales channel expansion for their Zorbies incontinence underwear brand

*Ready to Buy, LLC, owner of the Zorbies reusable leak proof underwear and zorbies.com, is expanding its business rapidly by entering the wholesale marketplace.*

TAMPA, FLORIDA, UNITED STATES, April 25, 2022 /EINPresswire.com/ -- The company initially launched the [Zorbies](#) brand with three men's [incontinence briefs](#) – two at different absorbency levels and a Pocket brief to hold a male incontinence pad more securely in place. The products were so well received that they quickly added a line of Classic style women's incontinence Briefs a few months later.

Product sales to date have been generated primarily on zorbies.com, although Zorbies products are also available on eBay, Etsy and some other third-party sites.

“The products we’ve had in market have been getting rave reviews for discreet, comfortable, superior performance, so we feel that our design, materials and quality are spot on. When we think about what’s next, we see our growth coming from two sources. First, continuing to provide consumers with new innovative products and styles to add more choice for them, and second, wholesale. That’s why we just added four new styles to our product line, and established developing the wholesale channel as a top priority for the near-term. Amazingly, just as we set that priority, two wholesales approached us – one here

We just added the wholesale channel as a top priority ”
