

The Auto Champ Gives Customers That New Car Feeling

The new online store offers a range of durable and high-quality products for car comfort and maintenance

HOUSTON, TEXAS, UNITED STATES, April 25, 2022 /EINPresswire.com/ -- [The Auto Champ](#) – the e-commerce company aiming to improve the experience of every automobile owner in the United States – is proud to announce the launch of its online store, offering everything from phone holders to external mirrors with fast US shipping and customer-oriented service.

“From day one our team has been bringing together the finest materials and stunning design to create something very special for you, and we will continue to do so. All our products are developed with a complete dedication to quality, durability, and functionality.” Eric Brown, the CEO, explains the core principles that drive The Auto Champ.

“I imagine it would be hard for a car owner, or even an occasional passenger, to visit our site and not come across something that catches their interest or would improve their journey a little bit,” Brown speaks to the breadth of the products on the site, all available for tracked four-day delivery within the United States.

His current personal favorite item is the [Dog Car Seat Cover](#), a water-proof fabric hammock that converts the back of your car into a palace for your pup and protects the interior from whatever they are bringing in from the great outdoors.
