

ImpactQA Wins the Prestigious Title of Managed Cybersecurity Service Provider of the Year

ImpactQA was recently awarded as leaders of managed security services at cybersecurity vision & innovation summit & awards 2022

NEW YORK, UNITED STATES, April 26, 2022 /EINPresswire.com/ -- ImpactQA, the world's leading quality assurance and software testing company was recently awarded the title of managed cybersecurity service provider of the year by Transformance Forums at the Cybersecurity Vision & Innovation Summit & Awards 2022.

ImpactQA leaders of managed cybersecurity service

“This award reflects our commitment and dedication to develop innovative solutions and services for securing and managing valuable content for enterprises. We are glad that the organizations around the world are recognizing the value of our cybersecurity services, as we help them prevent cybersecurity breaches for software Apps, and all possible vulnerabilities for future threats” said JP Bhatt, Founder, and CEO, ImpactQA

The Cybersecurity Vision & Innovation Summit & Awards 2022 is one of industries best business awards programs to recognize achievement in innovation and growth in the cybersecurity space. More than 100 nominations from organizations across the Asia-Pacific region were considered this year in various categories. And the winners were determined by the average scores of more than 50 executives around the world acting as jury.
