Key Highlights From The Report

- In November 2019, a joint venture took place between Cargill and DSM. Through the joint venture, they started commercial-scale production of EverSweet™ stevia sweetener as there is an increasing demand for reduced calorie-food and beverages among the health-conscious

population.

- The fermented beverages segment held the largest market share of 38.2% in 2019. Increasing consumption of fermented beverages like beer is expected to drive the demand for the fermented ingredients.
 - Amino Acids are forecasted to grow with the fastest CAGR of 6.6% over the forecast period. Growing preference for high protein diets among the health-conscious population has increased the demand for amino acids in the production of fermented ingredients.
- The report further divides the Fermented Food and Ingredients market into key segments such as types, applications, end-user industries, technologies, and key regions of the market. The report also sheds light on the segment and region exhibiting promising growth in the Fermented Food and Ingredients market.
