

In 2021: 20M financial transactions (60% in KSA), 1,000+ KIOSKS, 10K POS machines, millions of mobile app & portal users

DUBAI, UAE, April 26, 2022

/EINPresswire.com/ -- Dubai, UAE – (ARAB NEWSWIRE) -- [Infinite Business Solutions](#) (IBS) is among the first few global Fintech companies that were able to offer a complete, internally developed, fully-integrated solution, that facilitates the digital transformation of payments, financial, and non-financial services.

Headquartered in Dubai, IBS provides business coverage to regions such as GCC, Middle East, and Africa. IBS services are approved by relevant Central Banks and Authorities in respective countries for processing of payments, remittance transactions, and financial services.

IBS Kiosk point of sale (POS) iVoucher terminal management system in Gulf region

IBS provides cutting-edge automation and electronic services through different multi-channels (e-channels) namely the Self Service KIOSK 'iKiosk', Point of Sale (POS) 'iVoucher', web solution 'iWeb', and mobile applications 'iMobile'. Customers are able to manage, control, and monitor all e-channels through the 'Infinite e-Channels Management Platform'. The Infinite Platform Middleware adopts the latest technologies and security standards, thus can easily integrate with third-party applications running at the customer's site.

iKiosk digitizes numerous services including payments in different sectors like banking, telecom, government, service providers, healthcare,...etc. iKiosk comes with unlimited features that can be easily customized to fit customer preferences. iKiosk provides timely pertinent information and around-the-clock support through its online monitoring module, control system, reporting system, and customer service. We offer a complete iKiosk self-service solution including the software, hardware, integration, and implementation services.

iVoucher is an electronic voucher system that enables merchants to easily generate, design, and

issue digital vouchers; process bill payments, and online top up plus KYC. iVoucher is mainly used by the telecom sector and few other online payment and voucher distributors.

iWeb and iMobile products are outstanding web portals that offer high-performance, feature-packed mobile experiences on mobile devices. iWeb and iMobile interfaces are developed according to client needs and customization requirements.
