ABOUT THE BOOK

Fae Banished to Boston Town, 1798

In a shocking move, the Queen of the Fae has banished John Yonder and Captain John Far to the human world. Rumor has it that they have opened a law practice catering to the Fae. To what purpose, no one really knows.

John Yonder has accepted a seemingly simple case. He need only recover a lock of hair for a Fae

courtier. She had given it to her lover, Wylde, who is also in Boston.

Yonder tricks a fortuneteller, Mary Faulkner, into assisting with the case. With a whisper in her ear, he tethers Mary's mind to Wylde's, creating a terrible, but potent human compass.

Following Mary's guidance, the trio sets out to follow Wylde. They set course into an uncertain and rocky future on land and sea, as pirates, slave owners, and a host of others hinder their path to Wylde, the lock of hair, and a possible return home to the Fae.
