Top Maltipoo Breeder Michele's Puppies & Paws launches online store to meet increased demand for ethical Maltipoo puppies for sale in Florida.

TAMPA, FLORIDA, USA, April 27, 2022

/EINPresswire.com/ -- [Top Maltipoo Breeder](#) Michele's Puppies & Paws launches new online direct-to-consumer store to meet increasing demand of ethical [Maltipoo puppies for sale Florida](#).

For thousands of

years, canines have been loyal companions eager to please their owners. They hunted, guarded, and

assisted people with disabilities in the past. Nowadays, they are also family pets. However, a customer's journey to buy a new canine is often tricky because it can be full of scams or expensive due to excess fees from pet shops and breeders.

Maltipoo Puppies For Sale Florida

“

Responsible breeders are educating themselves and employing more and more scientific and reliable methods to produce healthy puppies, run health checks, and ensure their well-being.”

Corey Patrick CEO of Dog Needs Best

The Human Society of The United States, estimated 2.6 million puppies were sold in the United States in 2021. USDA licensed facilities: ~1,300,000 puppies Non-licensed & Puppy Mills: ~1,300,000 puppies. There is not much difference between U.S.D.A. licensed facilities and Puppy mills, other than the fact that the U.S.D.A. license facility needs to conform to some government standard. These standards are often very minimal and do not constitute ethical breeding.

Buying a puppy from one of the U.S.D.A. licenses, non-licensed or puppy mills, is not as simple as it seems

because many breeders at all levels behave unethically, which results in puppies experiencing

stress and isolation. The problem has become so pervasive that the total market capitalization for dog breeding declined by -1.7% between 2017 and 2022 due to increased adoption at shelters. Shelters and adoption are an excellent way for some dogs to find new homes; however, adoption may not suit all dog owners, new dog owners, owners with kids and owners seeking specific characteristics.

These groups should seek to purchase new puppies because many sheltered and adoptive dogs have experienced abuse and are not always a good fit; however, the alternative option of buying a new Malitpoo puppy in Florida once again leads to frustrations and risks of making a traditional puppy purchase. Michele's Puppies & Paws is actively solving common challenges caused by poor Malitpoo breeding practices. Their Maltipoo kennel located in Tampa Florida provides the best of both worlds, allowing customers to get transparent and simple purchasing of Maltipoo puppies while providing additional support for owners to prevent their animals from ending up in adoption. In addition, they seek to ensure that owners can find the perfect match correctly when they purchase a puppy so that canines can continue to assist humans as they have been doing for thousands of years.

Michele's Puppies & Paws is a new breed of dog breeding company. They are committed to leading the way in pet ownership, ensuring every puppy brought into the world can live their best life, and providing customers with increased transparency regarding how the dogs were bred. Michele's Puppies & Paws is proud to announce their new online a direct-to-consumer model that allows consumers [shop available puppies](#) in Florida direct from the breeder at competitive prices. They bypass the traditional brick-and-mortar pet store models and sell online. With this model, they can offer higher levels of transparency than typical pet shops, kennels, and puppy mills.
