

Multi-Million Dollar Real Estate Business Developer, and Philanthropist Signs with Sheba Media Group

Sajdah Wendy Muhammad, a Savvy Business Entrepreneur, Continues to Dominate in multiple industries.

HOUSTON, TEXAS, UNITED STATES, April 27, 2022 /EINPresswire.com/ -- Sajdah Wendy Muhammad's project and development experience is valued at over \$500M. She is an industry disruptor, global thought leader and serves as a business advisor for many start up and mid-level companies. Despite the grave economic conditions in the wake of the 2020 downturn, the multi-hyphenate continues to successfully navigate the world of business. As an international entrepreneur and leveraged leader, she strategically seized every opportunity to expand an impressive portfolio of business clients and real estate holdings.

Focused and determined, she navigated over the barrage of obstacles that marginalized her as a once floundering real estate agent. Both consistent and persistent, she designs and executes a robust business model in all endeavors. Specializing in hospital turn around consulting, acquisitions and healthcare business model development. Among her most celebrated accomplishments, is her work as Lead Designer, Developer and Partner on a \$20M micro hospital and surgery center in metropolitan Washington, DC. In addition, her historic work as an Urban Historic Preservationist where she spearheads the renovation and restoration of the former mansion of the Honorable Elijah Muhammad, which was recently listed on the National Registry of Historic Places and serves as a founding member of the Coalition of Black House Museums in Chicago.

Due to her prowess in business development and process improvement, she's made impactful footprints in several industries including healthcare, real estate, insurance, government and more. The business consultant and crisis manager enjoys prestigious clients such as the Department of Treasury TARP Fund, American Water Works, AIG Insurance and more.

Author and Award-winning Business Developer

As a fierce luminary, the staunch business professional is well respected amongst her competitors, affiliates, peers, and business partners alike where she has been characterized as a master executionist

“Wendy knows how to execute and doesn’t mind putting other people on game or in front of checks.” Aleatha Wilson Muhammad, Financial Advisor at Wilson Enterprises.

"I've worked with Wendy Muhammad. If I had to choose only one woman for a serious business partnership it would be Wendy Muhammad. Why? Wendy possesses the 7 most important traits for an entrepreneur: Visionary, conscious, passionate, problem solver, driven, risk taker and responsible. She is the bomb.com" Dr. George C. Fraser, Founder and CEO of FraserNet, Inc and the Power Networking Conference. A magnanimous orator and business intuitive, Wendy is known for speeches that concatenate a wealth of proven strategies replete with bleeding-edge best practices, and exploration of other viable resources that speak to the mission critical, and core competencies of businesses to help scale their brand, while avoiding the landmines that would otherwise cause a self-sabotaging ripple effect in the trajectory of their business objectives.

Her strengths lie in her ability to harken the dualities of being a divergent and convergent thinker where needed and applying her innate ability to tap into “Blue Sky thinking.” Dauntlessness in making executive decisions while being open to the “thought shower” approach to realizing an endgame via the “drill down” outcome, makes her a valued asset to the prominent, and coveted boardroom seats she has been hand selected to occupy. Currently, the consummate professional serves on the Advisory Board for the Minimally Invasive Vascular Centers, a medical facility where her vast and exemplary knowledge base, negotiation skills and strategic planning has been instrumental in helping to scale, design and develop a new model for the delivery of healthcare services to underserved communities.

She had a mammoth epiphany that birthed The Mind of an Entrepreneur®, brand of services

Multi-Hyphenate Real Estate Business Developer,
Sajdah Wendy Muhammad
