[Wencor](#) and [Turkish Technic](#) Announce Multi-Year Parts Agreement

Wencor, LLC and Turkish Technic, Inc. have announced the signing of a multi-year parts agreement, whereas, Wencor will provide consumable and expendable (C&E) parts to support Turkish Technic's maintenance operations. The parties held a signature ceremony during MRO Americas in Dallas, Texas.

Wencor and Turkish Technic have enjoyed a long-standing relationship of over 30 years. This agreement will continue to enhance the partnership, permitting the parties to work together to accurately forecast, efficiently supply, and quickly respond to the expanding supply chain requirements in today's aerospace market, allowing for best-in class customer service. Wencor will support the agreement through its worldwide stocking facilities with local oversight from its Istanbul office.

On the signing of the new contract the CTO of Turkish Technic, Yasin Birinci stated that: "As a leading MRO with decades of experience in the market, we value strategic partnerships that allow us to best serve our customers. Therefore, we are happy to extend our long-standing partnership further with Wencor. The C&E parts agreement will allow both parties to dynamically meet fast-changing demand of today's global aviation. We will continue to operate as a one-stop solution center for the aircraft and component maintenance needs of our customers."

"We are excited to expand the relationship that we have had for many years with Turkish Technic
