BEST COLLEGES IN TEXAS 2022

What are the top colleges and universities in Texas? See where AcademicInfluence.com ranks them in a variety of categories... (Image credit: Urban City of Dallas, Texas by 12019, Pixabay, Canva Pro License)

Students can access a number of category rankings of Texas colleges & universities to fit their needs:
• 28 Research Universities
• 46 Liberal Arts Colleges & Universities
• 43 Graduate Schools
• 36 Public Colleges & Universities
• 38 Private Colleges & Universities
• 36 Christian Colleges & Universities
• 39 Small Colleges & Universities (fewer than 5,000 students)
• 46 Affordable Colleges (below national average of $16k/yr)
• 53 Community Colleges
• 36 Online Colleges

For many students, attending an in-state college or university continues to provide tuition benefits. The cost advantages they receive from attending a school in their state may be the deciding factor in pursuing a college degree. The convenience of a school within driving distance also factors into costs by providing locals with commuting as an alternative to expensive on-campus housing.

"Students today want more value from their college choices, which is why choosing an in-state education continues to be attractive. Rising costs are a staple of daily news stories. We want to shift the focus off expensive out-of-state schools and onto the best in-state schools each state has to offer its students," says Dr. Jed Macosko, academic director of AcademicInfluence.com and professor of physics at Wake Forest University.

Which colleges & universities in Texas rank among the best overall?
(Listed alphabetically)
• Abilene Christian University (Abilene)
• Angelo State University (San Angelo)

For even greater customization, students can filter results to meet 24 personalized criteria through the [Custom College Rankings at the AcademicInfluence.com site](#).

Why do the rankings from AcademicInfluence.com outperform those from other ranking sites? The proprietary InfluenceRanking™ Engine—innovative machine-learning technology that measures a school's influence through its students, faculty, staff, and alumni. By analyzing massive data sources such as Wikipedia, Crossref, and Semantic Scholar, the InfluenceRanking Engine creates a map of academic influence that provides students with reliable ranking results. See the AcademicInfluence.com About page for further details on the unique capabilities and advantages of this advanced technology.

"At a time when college rankings are under increasing scrutiny, AcademicInfluence.com stands behind our tech-driven rankings. Unlike some ranking sites, we're not dependent on older, more subjective, and more game-able processes. We've pioneered better rankings for a better education," says Macosko. "Not only will students find our rankings superior, but they'll also benefit from our many helpful guides and our college selection tools. This collection of best-in-class resources is why students from around the world come to AcademicInfluence.com to find answers to their college-search questions."

AcademicInfluence.com is the preeminent, technology-driven, academic rankings site dedicated to students, researchers, and inquirers from high school through college and beyond. AcademicInfluence.com is a part of the EducationAccess group, a family of sites dedicated to lifelong learning and personal growth.
