

# Space Force Association names Col. (USAF-Retired) Dabrowski as new Southeast Region V.P.

*May is Military Family Appreciation Month. Together Dabrowski and her family have over 125 years of combined service to our country. Thank You!*

ORLANDO, FLORIDA, UNITED STATES, May 12, 2022 /EINPresswire.com/ -- Meet Susan (Susie) Dabrowski (Col., USAF - Retired), the newest member of the [Space Force Association \(SFA\)](#) leadership team. You might say military service is in Susie's DNA. Susie's father, Richard Dickover, is a retired Lt. Col. USAF. Susie and her sister Jennie Hampton (Lt. Col. USAF - Retired) decided to follow in their father's footsteps. Dabrowski's son and daughter continued the family tradition. Son Kaiden Dabrowski (2nd Lt. USSF) is a satellite engineer and daughter Kira Dabrowski (Lt. JG. U.S. Coast Guard). The family connection doesn't end there. Susie's X-husband and his brother are both retired air force. Many other family members have proudly served. Together Dabrowski and her family have over 125 years of combined service to our country.

Col. (USAF-Retired) Ron Dabrowski, USAF (now Space Force), 2Lt Kaiden Dabrowski, Coast Guard, LTJG Kira Dabrowski, Col. (USAF Retired) Susan Dabrowski

Susie Dabrowski began her career as a missileer and eventually cross-trained into space operations, where she remained until her retirement. For Dabrowski, joining the Space Force Association was simply the next step in staying connected with the space community and

sharing the infinite possibilities of space-related fields with guardians and civilians alike. Susie graduated from Embry-Riddle Aeronautical University, Daytona Beach, FL, in April of 1981 (the same month/year as the first Space Shuttle launch). Her passion for space research and exploration led her to accept South East Regional VP position for the Space Force Association. The Space Force Association is the only organization solely focused on supporting our Guardians and both the military and private advancement in the aerospace industry. The Space Coast team and Dabrowski are launching the Space Coast Chapter of the SFA now. It will encompass Orlando and surrounding areas. For more information on the SFA, visit [ussfa.org](http://ussfa.org).

LtCol (USAF Ret) Jennie Hampton, Colonel (USAF Ret) Will Hampton, Colonel (USAF Ret) Adam Dabrowski, USAF SSgt Alexis Wirick, Space Force 2Lt Kaiden Dabrowski, Col (Ret) Susan Dabrowski, Col (Ret) Ron Dabrowski, CG LTJG Kira Dabrowski, LtCol (USAF Ret) Richard Dickover

"I look forward to the opportunity to spread knowledge and excitement about our newest branch of the Service." Dabrowski continued by stating, "I am blessed to live on Florida's Space Coast and watch launches in person. The excitement about the future of space travel is everywhere, and the local community is proud of its space heritage. I want to share this sense of adventure and excitement with the community and help them to understand the importance of a strong Space Force and other related programs." Her advice to young people interested in military or civil aerospace fields is to choose a STEM core curriculum. She further commented, "Do not limit yourself, and there are endless possibilities in these fields of study and career

“

I look forward to the opportunity to spread knowledge and excitement about our newest branch of the Service."

*Susan (Suzie) Dabrowski (Col. USAF - Retired)*

paths."

About the Space Force Association:

The Space Force Association (SFA) is the only independent, 501(c)(3) non-profit organization that serves as a professional military association whose sole focus is supporting the United States

Space Force, United States Space Command, U.S. national spacepower at large, and our global partners and allies' efforts in space exploration. Its core functions are to research, inform, and advocate to achieve superior spacepower by shaping a Space Force that provides credible deterrence in competition, dominant capability in combat, and professional services for all partners. In addition, the SFA has an essential function to provide support for the men and women of the U.S. Space Force. Membership is open to both military and civilians. For more information on the SFA, please visit [ussfa.org](https://ussfa.org).
