

Global Industrial Water Treatment Chemicals Market Size And Market Growth Opportunities

*The Business Research Company's
Industrial Water Treatment Chemicals
Global Market Report 2022: Market Size,
Trends, And Forecast To 2026*

LONDON, GREATER LONDON, UK, April
29, 2022 /EINPresswire.com/ --

According to 'Industrial Water
Treatment Chemicals Global Market
Report 2022 – Market Size, Trends, And
Global Forecast 2022-2026' published

by The Business Research Company, the industrial water treatment chemicals market size is expected to grow from \$26.74 billion in 2021 to \$27.09 billion in 2022 at a compound annual growth rate (CAGR) of 1.29%. The growth in the market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The industrial water treatment chemical market is expected to reach \$34.25 billion in 2026 at a CAGR of 6.04%. Growing industrialization and expanding automotive sector are expected to propel the growth of the industrial water treatment chemicals market.
