

# Bladder Health Quantified by iData Research in Many Global Publications in Support of Bladder Cancer Awareness Month

VANCOUVER, BRITISH COLUMBIA, CANADA, May 2, 2022

/EINPresswire.com/ -- iData Research, a global consulting and market research firm, is participating in supporting and raising awareness for Bladder Cancer Awareness Month. Each May, Bladder Cancer Awareness Month designates 31 days to raising awareness about

bladder cancer, sharing information and resources, while honoring those patients, survivors, caregivers and medical professionals impacted by this common disease.

In support, iData is offering 10% off the FULL VALUE of our sought-after urology market research reports during May with related charity contributions for every dollar spent. The reports are as follows and include some of our brand-new 2022 reports:

May is a month with an inspired focus to support bladder health awareness, and to spread word about bladder cancer throughout our communities."
