

# GRNBi and Prismecs Strategic Partnership

LELYSTAD, FLEVOLAND, THE NETHERLANDS, May 2, 2022 /EINPresswire.com/ -- [GRNBi](#) and its subsidiary GRN-Energy, a leading full-service solution provider to the global digital mining industry, and [Prismecs](#) LLC, a trusted partner for industrial clients with a focus on energy and full-scale service are pleased to announce a new strategic partnership.

The partnership brings together the leading minds in global digital mining and energy to offer a full suite of products and services. GRNBi and Prismecs will work together to identify and source low-cost power project sites for digital mining purposes. These sites will be located in North America, the Middle East, and beyond. In addition, GRN-Energy and Prismecs' combined clout will offer global digital miners access to world-class design, engineering, and manufacturing of crypto infrastructure including green power generation, cost-effective mining enclosures, and electrical solutions.

Frederik Vyncke, Director of GRNBi says "We are excited to work with the Prismecs team to source and provide energy locations to our global customer base. Prismecs team has a proven global track record and communicates and operates at the level clients require.

GRNBi & Prismecs

Junaid Ali, CEO of Prismecs explains  
“We are delighted to be working with the GRNBi team. Their combined experience, wisdom, and global reach are second to none. We are excited to offer the global crypto mining market leading-edge innovation and solutions. Together with GRNBi, our ideas, products, and project sites bring a unique mixture of economic performance and environmental stewardship to the crypto market.”
