He further mentions, "We want to share thanks to all of you who voted and to our loyal NN family. We are honoured to be entrusted in helping you take care of your health, and grateful every day that because of you, we get to continue to do what we love."

This Award is Special Because it Emphasizes the Importance of Community

Since its founding, the National Nutrition team has been dedicated to their community. They support local charities and businesses, and aside from the Naturopaths and Holistic Nutritionists they have on staff, they also work with a large list of local natural health care practitioners.

Kelly F, NN's Art Director & Social Media Manager mentions: "We have worked hard to provide a local experience to our online customers. Whether you're near or far, you feel part of the NN family and receive the same care. We empower our community through informative articles and educational seminars and events. This award is special because fostering and growing our community is important to us and it shows that dedication is valued amongst our local and national community." Kelly also adds that "we couldn't have won this without them, so this award belongs to our community as much as it belongs to us."

Not Their First Rodeo

While it may not come as a surprise, this award isn't National Nutrition's first. The company has been voted Canada's Best Health Food Store by the Canadian Health Food Association (CHFA) members in 2014, 2017, & 2019.
