

Forbes Names Gecko Hospitality As One Of America's Best Recruiting Firms for 2022

Recruitment Firm Recognized for Focusing on Connecting People and Changing Lives

FORT MYERS, FL, UNITED STATES, May 3, 2022 /EINPresswire.com/ -- Gecko Hospitality, the trusted leader in hotel and restaurant management recruitment was recently chosen as one of the best executive recruiting firms in the US! Gecko Hospitality is the recruiting firm that connects qualified candidates to hospitality clients by using their national network to match only the best professionals from their nationwide database of top-tier candidates to open positions in the hospitality field.

"This is such an honor for us," says Gecko Hospitality's President, Robert Krzak. "We were named to Forbes lists of America's Best Recruiting Firms in 2018, 2019, and 2021. We are pleased to be recognized again this year for our continual focus on finding great candidates for our wonderful clients." Through its talented staff and online search portal, Gecko Hospitality provides recruitment services for hotels, casinos, private clubs, vacation clubs, restaurants, and everything hospitality related.

The Forbes award is a distinction that is highly respected in the recruitment and human resources industry. "Since our founding in 2003," says Krzak, "We've stuck to our mission that a fulfilling career can change someone's life. Our franchise partners and recruiters around the country consistently go above and beyond to stick to this mission and connect hospitality clients with top-tier talent. And our long-term client relationships validate the work we do every day."

Forbes based its Executive Search rankings on recruiting firms that place managers in permanent positions with an annual gross income of more than \$100,000. America's Best

Recruiting and Temporary Staffing Firms were selected through an independent survey of peers and clients. Around 31,000 recruiters and 6,900 job candidates and hiring managers were invited to participate. Approximately 22,400 nominations have been considered in the final analysis.
