### Vehicle History Reports

CHECK WITH US BEFORE YOU BUY ANYTHING WITH WHEELS

... BECAUSE WHAT YOU DON'T KNOW CAN HURT YOU.

Cyclechex Reports grant instant access to motorcycle history reports. These reports can include VIN decoding, disclosed damage, salvaged or stolen titles, etc. Cyclechex gathers data from several sources including government agencies, and provides the most current information available.

For a modest fee, CarVIN subscribers have access to comprehensive car history reports containing information that's critical to the process of buying a used vehicle. Our CarVIN Report Team is fast becoming one of the most trusted resources for vehicle information in the automobile industry.

When you purchase a recreational vehicle, you're not just buying transportation, you're buying a home - with plumbing, heating, etc. So you'll want to know everything you can about an RV's history before you decide to buy. An RVChecks report makes an informed decision possible.

Buying a pre-owned commercial truck involves substantial risk, so it's wise to be armed with a Truckchex Truck History Report. A small investment in a vehicle's history could spare a buyer expensive repairs down the road. Or worse, a deadlined truck could mean the loss of business.

### Sparta Commercial Services, Inc.

SERVING THE MUNICIPAL COMMUNITY FOR 13 YEARS

Sparta specializes in offering a Municipal Lease Purchase Financing (LPP) Program, which allows municipalities to efficiently purchase vital equipment, such as police cruisers, motorcycles, other emergency vehicles, and essential-use equipment, including maintenance or service contracts, without large, up-front cash payments, effectively giving them more purchasing power. Lease purchase financing allows installment lease payments, which can be paid monthly, quarterly, semi-annually, or annually. As payments are made, the municipality — which maintains ownership of the equipment — builds equity in its investment.
