Alternate Reality Album Cover

"I'm an immigrant kid from Kosovo, a small country in Europe, who migrated to New York seven years ago. I became the man of the house at 15 and I went through a lot of challenges that a normal teen does not go through. It's been a struggle but my hard work and dedication each day has kept me on my path to success" Balaj describes his journey and what motivates him as an artist, even in the most difficult times. "Why give up when I can be whoever I want to be, and make the biggest impact I can and leave a mark in this world? So that's what I'm doing now. I have set that quote as a reminder on my phone every single day."
