

Country's Leading Healthcare Entrepreneurs Join Forces to Empower Nurses

Bravo's Tanya Sam to join Veronica Southerland's Annual Nurses in Business Conference

CHARLOTTE, NORTH CAROLINA, UNITED STATES, May 4, 2022 /EINPresswire.com/ -- [Veronica Southerland](#), FNP-BC, kicked off Nurses Month with a major announcement for the tens of thousands of nurses she impacts daily: Bravo's [Tanya Sam](#), former nurse and current tech mogul, will headline her second annual Nurses In Business conference in June 2022.

The goal of this conference is to empower the nurse community to think outside of the day-to-day shift work and spring forward into what their knowledge and expertise can do for healthcare. By adding Sam to the conference, nurses will get to hear from and chat with a peer about how she expanded both her reach and influence.

"From the moment I spoke with Tanya on the phone I knew it, this is the woman to headline the first day of this conference," Southerland said. "She's smart and funny, savvy and engaging. She's one of us and nurses need to hear from one of our own. We need to know what it looks like to take a big leap and have it work."

The conference will take place in Cancun, Mexico June 17-20, 2022.

Additional speakers and teachers will teach attendees everything from Botox and Filler injection classes to Public Relations and Marketing courses.

“Though we’re in beautiful Cancun and enjoying a weekend near the beach, we’re also going to make sure every attendee walks away with a bag full of knowledge to take back to their home,” Southerland stated. “I continually teach Assessment, Access, and Accountability. This conference gives each attendee all three, but most importantly Access.”
