

WWFY to Award 15 Needs-Based Lifeguard Certification Scholarships

Young adults will learn new skills, meet new people, and find purpose in gainful employment

WESTPORT, CT, UNITED STATES, May 5, 2022 /EINPresswire.com/ -- The Westport Weston Family YMCA (WWFY) is passionate about making our programming inclusive and available to all. We are pleased to share that the

WWFY has received funding to award 15, needs-based, Lifeguard Certification Scholarships leading up to the Summer season. These scholarships allow us to reach underserved young adults (ages 15-23) in Lower Fairfield County, and give them access to transformational opportunities and experiences to learn new skills, meet new people, and find purpose in gainful employment.

Brian Ference, WWFY Assistant Aquatics Director says, "Lifeguarding is a fulfilling and rewarding job, providing safety for those around water, but it has also provided me with many employment options over the past 20 years. Wherever there is water, a lifeguard is needed. This scholarship is a wonderful opportunity for underserved youth because the cost of certification is no longer a barrier to finding a career path they can be passionate about, including learning new skills that are transferable and having job security for the future."

The American Red Cross lifeguarding course provides individuals with strong swimming abilities the knowledge and skills to prevent, recognize, and respond to aquatic emergencies, as well as to provide care for breathing and cardiac emergencies, injuries, and sudden illnesses until emergency medical services personnel take over. Not only does this class provide the individual with essential skills, but offers the opportunity to have and hold a job as a lifeguard, providing purpose and the ability to earn an income.
