time, paperwork and what not.”

One of the key spokesmen for [the company](#) was quoted as saying, “We are aware of the different factors that end up making the trademark process unbearably long and expensive. One needs to contact the patent firm in the US before kick starting the process in Japan but we choose to eliminate this option and it has allowed us to save money,

The company is excited about the kind of response they have been getting and they are hopeful that they will continue to make good progress. Whenever clients get in touch with them, Japan Direct directly gets in touch with the JPO for the sake of registering trademarks. Based on the class of product they will be dealing in, they have the details of their fee slabs clearly listed. One can check out the details of the fee structure and then get in touch with them.

The company has a clear working policy and the right preparation methods that aid them in an efficient manner. They know the ins and outs of the process and have been duly doing their very best. Those who are on the lookout to register their trademark and are looking for the right help
