

Hygieacare Inc. and LOK Corporation announce a strategic partnership to expand the use of Hygieacare® systems globally

The strategic partnership accelerates the international outreach of the FDA-cleared Hygieacare® System to effectively cleanse the bowel for medical purposes.

NORFOLK, VIRGINIA, UNITED STATES, May 11, 2022 /EINPresswire.com/ -- [LOK](#) Corporation and [Hygieacare](#) Inc. announced today a strategic partnership to expand the use of Hygieacare® systems globally.

This partnership is expected to accelerate the international outreach for the FDA-cleared Hygieacare® System that effectively cleanses the bowel using a gentle infusion of warm, gravity-flow filtered water. With their unique technology, Hygieacare® offers two procedures that drastically improve GI patients' life. The HygiPrep® procedure is performed on the same day as the scheduled colonoscopy and replaces the traditional oral preparation, while [HygiRelief®](#) is aimed to help the patients with chronic constipation, bloating, or impacted bowel. "At LOK Corporation, we are pleased to collaborate with Hygieacare® in promoting their patient-centered approach internationally," - said Daniel Cloutier, CEO of LOK Corporation. "We always strive to support the innovative technologies that take a step further and bring the efficacy of the medical manipulations to the next level, not
