DOWNRIVER, MI, USA, May 12, 2022 /EINPresswire.com/ -- Cutting Edge Property Maintenance announces the expansion of its residential and commercial services to Downriver, Michigan. The burgeoning company offers a long list of landscaping services to customers in this region with a personal touch that, in their own words, "goes the extra mile." Co-owned by Luke Tamsen and Jimmy Blackburne, the company is so cutting edge that they even accept cryptocurrency.

Tamsen said, "We are constantly upping the ante on the art of landscaping using different techniques for installation and maintenance. No detail's too small when it comes to our landscaping service in Downriver or any part of Southeastern Michigan. With every single aspect in mind for both residential and commercial lawn care, we make sure our lawn mower blades are precision sharpened and always perform a clean cut."
