

RDandX Network launches ReBid World's 1st Unified Marketing and Advertising AI Automation Platform for all Marketers

Founded by Rajiv Dingra Ex CEO of WATConsult (Dentsu Inc. Acquired Agency) who brings 15 years of digital marketing experience.

DUBAI, UAE, May 13, 2022

/EINPresswire.com/ -- [ReBid](#) is the world's 1st Unified Marketing and Advertising AI Automation platform which is ready for the cookieless world and uses proprietary AI based algorithms that leverages MadTech (MarTech + AdTech) to simplify digital marketing. ReBid has unified workflows, data harmonization and real-time automated reporting. This translates into an immediate saving of 40% on resources and leads to incremental Returns on Ad spends (ROAS) by over 30%.

ReBid provides an unified dashboard with metrics harmonized across channels, devices and platforms.

ReBid's multiple partner integrations across ads, marketing, data management and more provide an unprecedented reach of 98% of global digital media audiences.

ReBid has snapped up marquee clients across SEA, Middle East and the US driving 200% business growth since the start of the year.

"ReBid unifies, simplifies and scales every client's digital marketing and advertising efforts and also saves real dollars in the process while having significant impact on ROAS uptick. Our AI led cookieless approach and clear focus on 1st party data enrichment allows brands and marketers to build a single view of their customers as they future proof their digital marketing" said [Rajiv Dingra](#), Founder & CEO RD&X Network.

ReBid provides a host of benefits and features, including:

- Access to ads activation and reporting capabilities across integrations like Search & Display (Google Ads), Social Ads (Facebook, Instagram, Twitter & LinkedIn Ads), Programmatic (Display Video 360 and many more), Ad servers (Campaign Manager 360), Analytics (Google Analytics) & more.
- Fully Automated and One click Reporting exportable in 20+ precreated reporting templates
- CXO view dashboards with key insights across Channel, Creative, Device and Keyword Performance
- Real Time monitoring of live campaigns KPI and Pacing status
- Optimize live campaigns across 15 platforms in a single click
- AI recommendations across bid, budgets, pacing and more across media plans and campaigns
- Onboard 1st party data and convert to ID before activating it across top Programmatic Platforms
- Access and analyze log level programmatic data and in house programmatic
- Build and enrich single view of the customer journey across web and app users and automate entire marketing workflow
