World Cup hosted in Qatar between November and December this year. There is fantastic interest in soccer investment and will only increase in the coming years, with small sided social games where it is at and played by 90% of all soccer players of all ages. There is a lack of available centers to play and Soccer 5 ® will create between 14 and 18 centers in public parks and between 3 and 5 12-acre entertainment parks by 2026.
