COLORADO SPRINGS, COLORADO,
UNITED STATES, May 12, 2022
/EINPresswire.com/ -- STARRS Video
Series:

Episodes 9 and 10 of the Intellectuals
are now available at the link at the end
of this release.

Episode 9 features Rebecca Friedrichs,
a twenty-eight-year public school
teacher, who was forced to fund state
and national teachers' unions whose
politics and divisive tactics degraded
her profession, our schools, and our
national character. Her lawsuit,
Friedrichs v California Teachers'
Association, which sought to free
teachers from forced unionism, was
argued before the U.S. Supreme Court
in 2016, and blazed the trail for ending
forced unionism for teachers and all
government employees. Rebecca
continues the fight to stop teachers'
unions from destroying our schools
with radical ideas and mandatory sexualization indoctrination and the undermining of American
values. She authored Standing Up to Goliath, an expose of abusive unions told through dozens
of powerful personal accounts. She's a Prager University host, and founded For Kids and
Country national movement of citizens uniting to restore our schools and culture. The website
for For Kids and Country can be found by following the link at the bottom of this release.

Episode 10 features Dr. Carol Swain, author of Black Eye for America and 10 other books. She is
a noted public intellectual and an American icon. An award-winning political scientist and former
tenured professor at Princeton and Vanderbilt Universities, Dr. Swain is a Distinguished Senior
Fellow for Constitutional Studies with the Texas Public Policy Foundation and an educational

advisor for American Cornerstone Institute founded by Dr. Ben Carson. She has served on the Tennessee Advisory Committee to the U.S. Civil Rights Commission, the National Endowment for the Humanities, and the 1776 Commission. Dr. Swain's terrific Black Eye for America: How Critical Race Theory is Burning Down the House (co-authored Christopher Schorr) is the subject of this interview. Her latest book is Countercultural Living: What Jesus Has to Say About Life, Marriage, Race, Gender, and Materialism. She is an expert on critical race theory, American politics, and race relations. In this interview, Dr. Swain warns in particular about radical ideas like Critical Race Theory and Diversity, Inclusion and Equity which represent Marxist ideology and are undermining traditional American values and our Constitution.
