NEW YORK, NEW YORK, UNITED STATES, May 13, 2022

/EINPresswire.com/ -- As Global Capital Partners Fund LLC reviews its lending services and compares them to various programs offered by other lenders, it

continues to unlock new investment opportunities domestically and internationally. For many years, under the leadership of Joe Malvasio, Global Capital Partners Fund LLC has been a leader in asset-based financing, including mezzanine financing, construction loans, acquisition financing, bridge financing, and many other options.

In an effort to promote investment internationally, Global Capital Partners Fund LLC extended a program working with affiliate brokers, which allows brokers from many countries around the world to partner with the prestigious firm and to take advantage of Joe Malvasio's leadership and expertise, as well as benefiting from Global Capital Partners' large in-house team of underwriters, significant network of clients, and public relations resources.

The global affiliate broker program allows Global Capital Partners Fund LLC to expand their convenient and efficient hard money lending services even beyond their already extensive reach throughout the US and Canada. A representative for the company commented, "Global Capital Partners Fund LLC reviews the affiliate brokers and their deals with the greatest scrutiny, just as it does for any applications domestically. Through this dynamic program, affiliate brokers from all around the world are able to partner with us to work as liaisons between customers and our firm. The goal is to find and work with brokers who are able to connect us with potential borrowers that are looking for the types of financing services we currently offer at Global Capital Partners Fund LLC. Through our work with affiliate brokers we are able to provide hard money loans and financing options to borrowers who are a good fit but might not have had access to financing in the past."
