

# Workshop Almost Sold Out for Company that Cracked the Code for Generating Revenue in the Current Real Estate Market

*Replace Your Employer is holding a workshop in Salt Lake City to reveal a strategy that is working exceptionally well in the current inflationary environment*

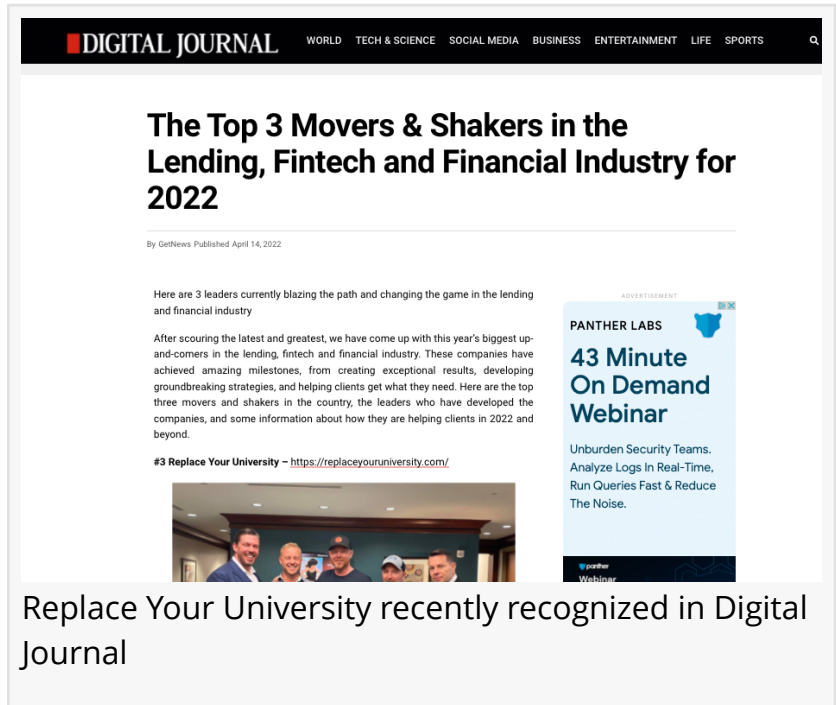

SALT LAKE CITY, UTAH, UNITED STATES, May 13, 2022 /EINPresswire.com/ --

Replace Your Employer is set to hold a 2-day workshop that will break down the essential knowledge to have success with real estate in the current financial market. The workshop will be held at Snowbird (a ski resort 20 minutes from Salt Lake City, UT) on May 20-21. The workshop will be filled with real estate experts to train participants in a variety of areas and subjects. The workshop will be a hub of potential investors, business leaders and real estate investors. This will be a major event for those looking to shortcut the path to real estate success this year.

Replace Your Mortgage started in 2014 when Michael Lush used an ingenious strategy to accelerate the payoff of his mortgage in 3.5 years, resulting in eventually sharing the strategy with others by publishing a book called "Replace Your Mortgage". Since then, Replace Your Mortgage has grown at an exponential pace largely due to the incredible success clients consistently achieve. With most clients being referrals from previous clients, it is clear this strategy is effective.

Recently RYU [launched their "Replace Your Employer" program](#) to the public (previously open only to clients). So far, the success has been staggering with more people than anticipated jumping onboard and creating incredible success stories. However, many have been asking if this is still applicable in the current inflationary environment of 2022. The answer has been "absolutely" as all methods are currently applied by the experts themselves.

This workshop will unveil tried and true strategies and will feature hands-on training sessions

The screenshot shows a webpage from Digital Journal. The main headline is "The Top 3 Movers & Shakers in the Lending, Fintech and Financial Industry for 2022". Below the headline, it says "By GetNews Published April 14, 2022". The article text begins with "Here are 3 leaders currently blazing the path and changing the game in the lending and financial industry". It then describes how the authors scoured the industry for top performers. A small photo shows three men in a meeting. To the right, there is an advertisement for "PANTHER LABS" featuring a "43 Minute On Demand Webinar" about "Unburden Security Teams". Below the screenshot, the text reads "Replace Your University recently recognized in Digital Journal".

Within six months, I completed two real estate transactions and within the first six months I was making more than my 6-figure assistant principal income and knew it was the answer I was looking for.”

*Edmund Fontana, CEO of  
Replace Your Employer*

facilitated by real estate experts who will help improve attendee’s earning power. They will not only teach those in attendance how to use the system to jumpstart their results but will also help develop a plan on how to acquire a significant number of properties in a short period of time.

Specifics of the workshop include real estate basics, how to calculate numbers, how to stage an Airbnb properly, how to use real estate to save on taxes, and how to get a home equity line of credit. The workshop will include a bus tour to several properties to see how deals were discovered and funded.

Immediately after registration, participants receive a free 12-day access to indepth real estate training courses. They will also receive a free digital copy of Active Life Passive Income by Nate Lambert and a pre-workshop training in the deal room (immediately tripling the value of the cost of the ticket). Few seats are currently remaining and are likely to be sold out well in advance of the event.

Investing can be difficult, especially in an inflationary environment, and it can be confusing to know which experts to listen to for advice. Edmund Fontana, the CEO of Replace Your Employer, was previously a successful assistant principal who had the desire to spend more time with his family and work less 12-16 hour days.

In his words, “I wanted to transition into owning my own business. It just so happened I went through the Replace Your Mortgage program and became fascinated with how it worked. And sure enough, I paid off my mortgage fast, and then worked part-time for the sales department after seeing how transformational the mortgage program was.

This eventually transitioned into me going through what is now the bootcamp. I've always been interested in real estate. I just had no clue where to start. Within six months, I completed two real estate transactions and within the first six months I was making more than my 6-figure assistant principal income and knew it was the answer I was looking for. After that it has been a whirlwind to running the division today.

The goal behind Replace Your Employer is to pull back the curtain and allow anybody that is interested, for free, to take a look at what it's like to be on our team. Then, if it's something that you think you can see yourself doing, we can help you move forward. If not, it's not a big deal. This isn't for everybody. Let’s just shake hands and move on.”

Replace Your Employer has quickly built a proven track record of helping clients achieve success,

and this workshop will only compound their results. This is a great opportunity to gain access to the inner circle of experts prior to the oncoming surge of new attendees (and a likely price increase as well) after recently being recognized in Digital Journal as [one of the Top 3 Movers & Shakers in the financial industry for 2022](#).

###
