

# Expanding The Multiverse

*This week on SoundSplash we explore the Mantravine, where the sacred sounds twist and turn to flourish and provide us a path into the Multiverse.*

JAPAN, May 16, 2022

/EINPresswire.com/ -- Mantravine is a tribe of sonic alchemists mixing shamanic rhythms with world music, live instruments and psychedelic dance grooves. They evoke primal dancing with ancient mantras, electrifying guitar, global beats, funky horns, syncopated basslines and organic frequencies. Its psychedelic sound has reached audiences at festivals in New Zealand, Sri Lanka, Hawaii, Germany, France, Japan, Australia and Singapore.

Multiverse features Muhammad Farhan (Trumpet) Isuru Wijesoma (Guitar) Eriko Murakami (Trombone) Rupak George (Ableton) Abhinav Tyagi (Artwork) Chill Sessions Records (Mastering) and appears on the Asama EP
