

Franciscan Communities Receive Nation's Top Senior Living Recognition

Seven communities managed by Franciscan Ministries have been recognized for excellence in the areas of independent living, assisted living or memory care.

LEMONT, ILLINOIS, UNITED STATES, May 16, 2022 /EINPresswire.com/ -- Seven [Franciscan Communities](#) have been recognized as part of U.S. News & World Report's Best Senior Living ratings for 2022-2023 in the categories of Best Independent Living, Best Assisted Living and Best Memory Care.

U.S. News reviewed resident surveys from the past year that highlighted the community experience of more than 200,000 current residents and family members at senior living communities across the nation. To receive the 2022-23 Best Senior Living designation, communities had to receive the highest possible rating from satisfaction surveys administered between March 2021 and February 2022.

"We are honored to have our senior living communities recognized as the best in the country," said [Franciscan Ministries](#) President and CEO Judy Amiano. "Our Ministry has served older adults for more than 125 years, and this national recognition is a reflection of the outstanding work done by the associates in our communities and the commitment to our mission of Celebrating Life and Serving with Joy."

Addolorata Villa achieved the highest possible rating for independent living, assisted living and memory care offered at the Wheeling, Illinois community. Of the nearly 1,300 communities recognized this year, Addolorata Villa was one of only 25 in the nation to receive recognition for all three service areas.

Addolorata Villa, Marian Village, University Place and The Village at Victory Lakes were recognized among the nation's best independent living communities.

Marian Village, our senior living community in Homer Glen, Illinois, earned recognition for independent living and assisted living.

St. Joseph Village of Chicago has been named among the nation's top assisted living and memory care communities.

Mount Alverna Village in Parma, Ohio and The Village at Mercy Creek in Normal, Illinois were rated top assisted living communities. The Village at Victory Lakes in Lindenhurst, Illinois and University Place in Lafayette, Ind. received top recognition for independent living offered at their communities.

The inaugural U.S. News Best Senior Living ratings and profiles offer comprehensive information and exclusive analysis of consumer satisfaction data, evaluating such factors as community and activity, food and dining, caregiving, and management and staff for nearly 2,500 communities in the continental U.S. and Hawaii. For more than 30 years, U.S. News has served the American public as an unbiased arbiter of quality across a variety of important choices. Whether picking a college, selecting a hospital or moving to a nursing home, consumers go to U.S. News to research and make consequential life decisions.

“

This national recognition is a reflection of the outstanding work done by the associates in our communities and the commitment to our mission of Celebrating Life and Serving with Joy.”
