

THE DCRO INSTITUTE JOINS THE EQUILAR DIVERSITY NETWORK – QUALIFIED RISK DIRECTORS® TO BE FEATURED IN BOARDEDGE DATABASE

GLOBAL, ORGANIZATION, May 17, 2022

[/EINPresswire.com/](https://www.einpresswire.com/) -- The DCRO Institute is pleased to announce that we are partnered with Equilar, Silicon Valley-based market leader in corporate leadership data, as a new member of the [Equilar Diversity Network](#) (EDN). EDN is a consortium of more than 50 leading organizations focused on driving board diversity and changing the way organizations identify diverse board talent. There are more than 7,000 members affiliated through the network, and more than 2,000 members have joined boards over the last five years.

David R. Koenig

The partnership presents a unique opportunity for [Qualified Risk Director](#)® profiles to be included in the [Equilar BoardEdge](#) database, recognized as a leading technology solution for board search with more than 1.5 million executive and board member profiles.

“The DCRO Institute and Equilar are both highly committed to advancing diversity in the boardroom,” said David R. Koenig, President and Chief Executive Officer of the DCRO Institute. “More than half of our Qualified Risk Directors® are women, from highly diverse backgrounds and industries, and are leaders in boardrooms and c-suites on five continents,” he continued.

“The demand for board members who are experienced in risk oversight and assessment has only increased in today’s global corporate environment,” said David Chun, Founder and CEO of Equilar. “We look forward to partnering with the DCRO to support highly qualified and diverse board members who are distinguished Qualified Risk Directors®.”

The Qualified Risk Director® is a professional designation conferred by the DCRO Institute. It recognizes the distinguished ability to link corporate strategy to the positive governance of risk-taking. Permission to use the designation is granted to experienced senior executives and board members from diverse industries, experiences, and geographies who have completed a comprehensive evaluation process. We evaluate applicants across their business experience, risk management and risk governance acumen, their demonstrated personal leadership, and their educational background. Candidates must demonstrate breadth and depth across all four to gain permission to use the designation.
