MONTEREY, TENNESSEE, UNITED STATES, May 19, 2022 /EINPresswire.com/ -- Randy Norris, of Monterey, Tennessee has accepted an invitation to become an "Invited Author" on the financial website, <https://annuity.com>. Randy now joins an elite group of financial experts who share information about approaching retirement without market risk by authoring meaningful and useful articles focused on those retired or about to retire.

Randy Norris, the founder of Norris Financial, first started in the Insurance and Annuity industry in 2000. Norris Financial has helped many families navigate their financial futures and discern their retirement options. With most individuals retiring earlier and living longer, our retirement income is a significant area of concern for most Americans. That would specifically include the savvy clients that do not want to outlive their money. Our client partners include government employees, teachers, professionals, farmers, and business executives, to name a few.

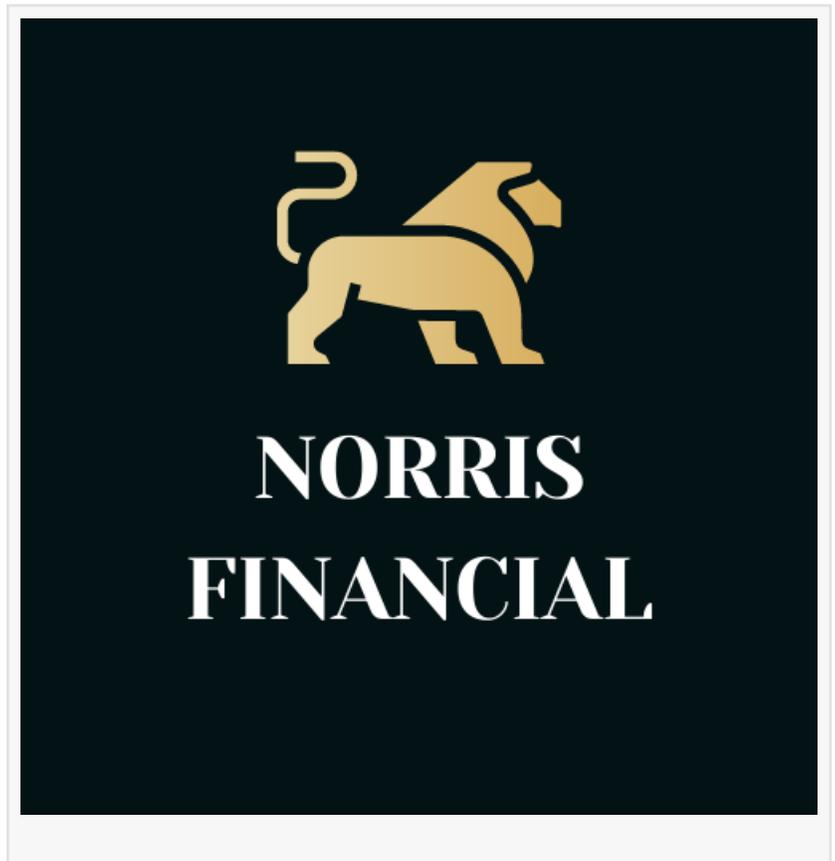

At Norris Financial, we are passionate about assisting families and our seniors. With increasing inflation, there has never been a more crucial time than now. Not one of his client partners has ever lost money due to a market downturn. Annuities and IUL products offer a safe haven in a volatile financial world.

Annuity.com has a simple mission. Educate people about annuities and help them determine whether an annuity is right for their retirement portfolios. We provide unbiased information on a multitude of topics needed to make optimal decisions for our own specific needs. Because we are not an insurance company, we have been able to remain a consumer-focused site, providing

timely, objective, and quality  
information since 1995.
