

MPI | Magnetic Products, Inc. Awarded Best of Show at the 126th IAOM Annual Conference and Expo

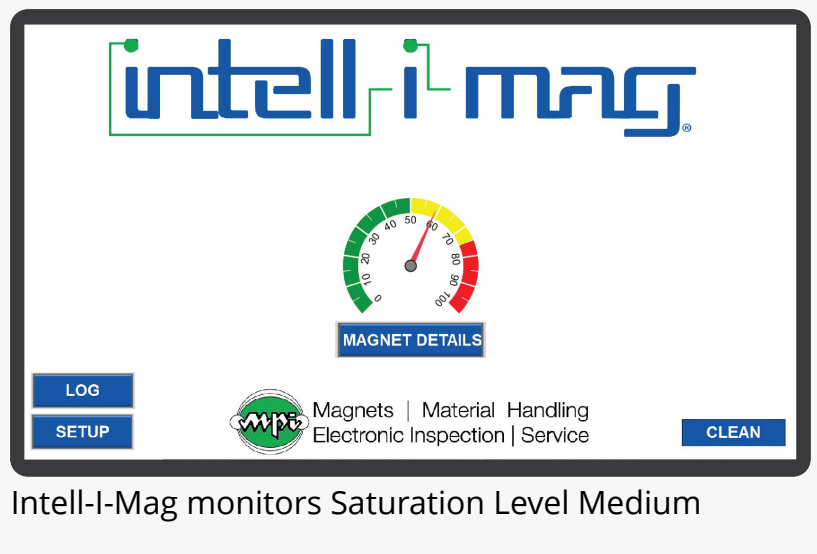

MPI's newly patented technology, Intell-I-Mag®, receives prestigious Best of Show award during the Product Showcase at the 126th Annual IAOM Conference.

HIGHLAND, MI, USA, May 19, 2022 /EINPresswire.com/ -- MPI is proud to be awarded Best of Show at the International Association of Operative Millers (IAOM) 126th Annual Conference and Expo. During the Product Showcase, MPI demonstrated the newly patented, [Intell-I-Mag®](#), which will change the way millers use [magnetic separation equipment](#). Intell-I-Mag is the first intelligent magnet to self-monitor ferrous metal saturation in real-time and log system data.

"Thank you for the opportunity to present Intell-I-Mag at the 126th IAOM Conference and Expo, and we are honored to win the coveted prize for the best Product Showcase," states Frank Reda, MPI Sales Manager – Americas. "We are committed to developing innovative solutions to magnetic separation equipment for the benefit of industry and society. We are grateful to be recognized by milling and allied trade professionals for this award and for the many good friendships that we have cultivated throughout the years of participation in the IAOM."
