

BEVEG VEGAN CERTIFICATION AND NSF AT NATIONAL RESTAURANT SHOW IN CHICAGO

BeVeg Vegan Certification & NSF, a global leading food and product safety certifier attends NRA in Chicago at McCormick Place May 23-26, 2022 - this weekend!

ILLINOIS, CHICAGO, UNITED STATES, May 19, 2022 /EINPresswire.com/ -- BeVeg International [Vegan Certification](#) has partnered with one of the world's largest food safety certifiers, NSF, to launch the world's only ISO-accredited Vegan certification program, and both organizations are in attendance at the National Restaurant Association (NRA), this week!

The BeVeg [Vegan trademark](#) enables brands to independently validate product claims and assure consumers the product maintains Vegan integrity, which is important for the plant-based consumer. NSF offers the BeVeg Vegan certification as a bundled audit offering. Meaning, the official Vegan audit can take place at the same time and for a discounted rate during a product or business audit for non-GMO, organic, gluten-free kosher, among others.

“

Official Vegan audits can take place at the same time and for a discounted rate during a product or business audit for non-GMO, organic, gluten-free kosher, among others.”
