DENVER, COLORADO, UNITED STATES,  
May 19, 2022 /EINPresswire.com/ -- Werge Law LLC and Signal Law LLC Announce Completion of Merger

Werge Law LLC and Signal Law LLC, two Denver-based boutique law firms, are pleased to announce their merger, effective on April 1, 2022. The combined firm, Werge & Corbin LLC d/b/a [Werge Law Group](#), is led by partners Tom Werge and Greg Corbin, the founders and principal attorneys of the two merging firms.

The newly combined firm will operate under the Werge Law Group name, which was previously used by Werge Law LLC leading up to the merger. The firm's business operations will also continue to be overseen by Firm Director Shelby Sims. In addition to Werge, Corbin, and Sims, the growing firm currently includes associate attorney Kelsey Martin, three of-counsel attorneys, two paralegals, and one law clerk. Before the merger, Werge Law Group focused on litigation for small business clients and music law. The merger allows Werge Law Group to expand its capabilities into the practice areas of business startups and transactions, and representation of non-profits and mission-driven organizations.

"We approach every legal issue from the business owner's perspective first. Our team is built to provide our community's businesses with efficient and effective legal advice so that our clients can continue to focus on running their businesses," Corbin said.

Werge Law Group is deeply committed to fair pricing, innovation, and the use of technology to enable cost savings and efficiency for clients. The added scale of the firm gives further life to this commitment by optimally allocating the combined human and technological resources.

"Joining forces with Greg feels absolutely amazing. His ability to collaboratively work with startups and other businesses to proactively address their problems is unparalleled. I feel honored to be able to provide this additional skillset to both our existing litigation clients and the

many more businesses we will work with into the future.” Werge said.

Current and future clients can look forward to working with high-energy, highly-skilled lawyers who deliver excellent and efficient work with a premier, honest, and open client experience.
